Senator Frawley Asks an Investigation of All Concerns in State.

(Special to The Evening World.)
ALBANY, Feb. 23.—A resolution callng for a legislative investigation of industrial insurance was offered to-day by Senator Frawley, of New York. The investigating committee is to consist of three Senators and five As-FOURTH BACE—The Respine and one-sixteenth miles.

Grenade

(a) Aima Dufour

(a) Goldie
Debar
Benyolto semblymen, and is directed to investigate all investments of industrial insurance companies doing business in this State, the relations of officers to such investments, relations of companies to subsidiary corporations, the government and control of the companies, their contractual relations to policy-holders, the cost of life insurance, the expenses of the companies and other phases of the business deemed by the committee to be proper. to be proper.

The resolution states that the policy-FIFH RACE-One and one-half miles

holders in infustrial companies are less able to protect their interests than those of companies already investigated, and that it is fair to presume that the same irregularities appertain to industrial insurance as has been disclosed in the recent inquiry.

Chiffon Broadcloths for Spring Costumes.

The Fashion in French Costume Shades.

The perfection of Broadcloth weaving is realized in the famous Belgium Broadcloths that are sold here in Brooklyn exclusively. They are particularly adapted, because of their lightness of texture, for costumes for Spring wearing. Their matchless lustrous surface is permanent and will not spot in the rain. The most favored French costume shades for Spring, also black. There are two qualities that are conceded by textile experts to be the best value anywhere. The "Deauville," 54 inches wide, is \$1.98 a yard, and the "Trouville," 56 inches wide, is \$2.49 a yard.

Lace Waists.

THIS is the twenty-first year that the wide world has been raked over by The World Almanac and Encyclopedia for those bits of information most needed in the daily life of the people. One man a professor, another a chemist, another a business man, or a carpenter, a storekeeper, a blacksmith-each in his own way has different needs, and this book is builded to meet them. Twenty-one years of experience has been as valuable in teaching what to leave out as what to put in. That is why this year's book is better than any of its splendid procession of predecessors. It is because of these twenty-one years'
